

# China Little Flower

Protecting, respecting, loving, and serving life!

## November and December 2009

**Baby News:** Winter is always a busy time for our staff with many of the babies ill with colds and other respiratory infections. We welcomed eight new babies during these two months. **Ci, Xue** and **Qing** are all tiny, premature

babies in need of extra nurturing; Xue also has a cleft lip and palate. **Shuo** (7 months old) has a cleft lip/palate and a severe brain injury; he has been accepted for hospice care. Babies **Yi, Guan Yu** and **Guo** were accepted for special care. Sadly both Guan Yu and Guo passed away in December. Baby **Hao** was welcomed for correction of her club foot. As she has several complications from her spina bifida

and a broken leg casting is being delayed a few weeks.

**Adoption News:** **Yao** (above, left), who came to us as a tiny preemie from Inner Mongolia last year has been adopted and now lives on the coast of Spain. We're certainly going to miss her sparkling personality but we couldn't be happier that she finally has a family of her own!

### Growing Up

Baby Yu was born in June weighing only 3 lbs. Realizing that they were unequipped to care for such a fragile baby, her orphanage sent her to China Little Flower when she was only 4 days old. With your help, look what a difference we've made for this little girl!

### In Loving Memory

Guan Yu

2009/11/23 - 2009/12/11

Fen

2006/8/3 - 2009/11/21

Huan

2009/8/25 - 2009/12/15

J. Xue

2009/10/18 - 2009/11/9

Guo

2009/12/10 - 2009/12/19
